

# Looking Back at a Good Year

As 2018 approaches and most people are focused on their New Year's Resolutions, we are taking a moment to look back at 2017—and what a year it was!

- \* CNSI earned multiple major health IT contract wins
- \* Published its first Corporate Social Responsibility (CSR) [Report](#); and
- \* Repeated as an [Alliance for Workplace Excellence winner](#)

Among the major project wins, CNSI was awarded a [seven-year, \\$166 million contract](#) with the Department of Labor's Office of Workers' Compensation Programs, and a [five-year, \\$44 million contract](#) with the Department of Veterans Affairs' Financial Services Center. Both of these projects add to our resume of federal work and build on the incredible experience we've developed in states like Michigan and Illinois.

On the CSR front, we're proud to announce we've been more active than ever! From supporting the recovery in Flint, Michigan to sending the MDBio Foundation's Mobile Lab, [Learning Undeclared](#), down to help students in the hurricane-ravaged areas of Texas, CNSI and its employees have contributed so much to the communities in which we work and live. In fact, to keep track of it all we decided to begin publishing an annual CSR report, the first of which (covering 2016 activities) was published this year. Check it out [here](#)!

These are only a few highlights from what was an incredibly busy year. We also implemented countless other [solutions for clients around the country](#), participated in [dozens of industry events](#), and added our technical prowess to the [fight against opioid abuse](#) in Michigan.

So, here's to you, 2017. We hope you'll tag along as we move on to even bigger things in 2018! Please get in touch by dropping us a note on Twitter. You can find us [@CNSICorp](#).
