

CNSI Selected as the Technology Operations Contractor for Amtrak

ROCKVILLE, MD – CNSI, a fast growing, innovative provider of IT business solutions for government and commercial enterprises, today announced that it has been awarded a three-year Technology Operations Enterprise Support contract, a nation-wide service support vehicle for Amtrak. This contract is a vehicle for supporting and maintaining corporate enterprise systems, providing systems engineering, project management, and for performing tasks that help to plan, implement, manage, and monitor the day-to-day operations of Amtrak's corporate systems.

ROCKVILLE, MD – CNSI, a fast growing, innovative provider of IT business solutions for government and commercial enterprises, today announced that it has been awarded a three-year Technology Operations Enterprise Support contract, a nation-wide service support vehicle for Amtrak. This contract is a vehicle for supporting and maintaining corporate enterprise systems, providing systems engineering, project management, and for performing tasks that help to plan, implement, manage, and monitor the day-to-day operations of Amtrak's corporate systems. CNSI will be responsible for the management of all provided personnel and task activities associated with each Statement of Work required at any of the Amtrak designated locations.

CNSI will provide support resources for meeting all requirements and augmenting Amtrak staff; managing resources to assure completion of all tasks; validating all tasks to ensure quality and performance criteria compliance; interfacing with Amtrak management to assure seamless integration with ongoing initiatives and direction; adhering

with existing Amtrak policies and procedures; and ensuring that our activities integrate with activities performed by existing Amtrak personnel (employees and contractors).

About CNSI

Founded in April 1994, CNSI is an employee owned, 8(a) certified company that offers IT business solutions to meet customer requirements worldwide. CNSI is committed to excellence, with total customer satisfaction the primary motivator for its day-to-day operations. CNSI serves a diverse range of government and commercial clients, and offers the technology and resource expertise to reduce costs and improve the productivity of client IT systems. CNSI's corporate mission is to be a premier provider of the highest quality networking and system solutions, and to address and support the technological business concerns of its customers.
