CNSI selected as CIO-SP3 Awardee by National Institutes of Health

Gaithersburg, MD — CNSI has been awarded the Chief Information Officers Solutions and Partners 3 (CIO-SP3) Government Wide Acquisition Contract (GWAC) by the NIH. The contract awarded to CNSI and its teammate ICF International, is a 10 year multiple award indefinite-delivery, indefinite quantity contract with a $20 billion contract ceiling.

Gaithersburg, MD — CNSI has been awarded the Chief Information Officers Solutions and Partners 3 (CIO-SP3) Government Wide Acquisition Contract (GWAC) by the NIH. The contract awarded to CNSI and its teammate ICF International, is a 10 year multiple award indefinite-delivery, indefinite quantity contract with a $20 billion contract ceiling. Under the contract CNSI and ICF International can compete on task areas for IT requirements that support the Federal Enterprise Architecture, the Department of Defense Enterprise Architecture and the Federal Health Architecture.

"We are very pleased to have been awarded the CIO-SP3 contract along with our teammate ICF International" said Adnan Ahmed, President of CNSI. "This award allows CNSI and ICF to continue to use our expertise in technology services and specifically healthcare IT to provide mission critical support within the federal marketplace." CIO-SP3 is the successor to CIO-SP2 under which CNSI is also a contract holder.

About CNSICNSI delivers a broad portfolio of information technology (IT) and business process outsourcing (BPO) solutions to a diverse base of federal, state and local government agencies, and commercial enterprises. The firm helps clients improve business performance and align IT with
