ROCKVILLE, MD — CNSI, a provider of innovative IT business solutions for government and commercial enterprises, today announced that Wayne Roberts, Vice President of CNSI's Consulting Services Group, will address the Northeast Working MAXIMO User Group (NEWMUG) on "The Tangibles & Intangibles of Complex System Implementation."

WHO: Wayne Roberts, Vice President, Consulting Services Group, CNSIWayne Roberts has more than 25 years of experience leading strategy and architecture initiatives in various industries, including manufacturing, utilities, healthcare, insurance, banking, and financial services. Prior to joining CNSI, Roberts served in leadership roles at Bank of America, MBNA America, Shearson, Lehman, American Express, and Platinum Technologies. Roberts is also the founder of "ImagineTV, " a large broadcasting network. He received a B.S. degree in Communications and Applied Technology at Drexel University.

WHAT: "The Tangibles & Intangibles of Complex System Implementation" As businesses become more dependent on vendor-supplied technology and services to transform their

organizations, conflicts can arise among these sometimes competing groups. This presentation will address how conflicts can be rectified and mitigated. Roberts will outline the underlining challenges facing today's organizations as they attempt to implement complex vendor solutions. He will provide best practices to ensure a successful implementation. WHEN: Thursday, September 25, 2008 at 1 p.m.WHERE: Hyatt Regency — New Brunswick, 2 Albany Street, New Brunswick, New JerseyFore more information or to set up an interview with Wayne Roberts, please contact Kristin Martell at (301) 634-4612 or kristin.martell@cns-inc.com, or Michael Davidson at (301) 634-4570 or michael.davidson@cns-inc.com.
