ROCKVILLE, MD –CNSI, a fast growing, innovative provider of IT business solutions for government and commercial enterprises, today hosted Lt. Gov. Steele with CNSI President Maryland Lieutenant Governor Michael Steele at its Rockville headquarters. Steele visited with employees to learn about CNSI's growth and success as a graduate of the state's Minority Business Enterprise (MBE) program. The program provided assistance to CNSI during its 1994 founding that helped it become the successful, employee-owned minority business it is today with 850 professionals and 2004 revenue of $76.3 million.

During his visit, Steele also learned about the many state and federal agencies that depend on CNSI technology solutions like Maryland's Department of Health Lt. Gov. Steele with CNSI Employees and Mental Hygiene, Department of Public Safety and Correctional Services and the Port of Baltimore. CNSI executives highlighted the company's recent successes in support of the Department of Homeland Security and the technological advancements in Medicaid Management Information Systems – a critical component to help states streamline its IT infrastructure and transition from being payers of claims to purchasers of health outcomes.
